NEW BUSINESS:

1. Sewer Ordinance:

A. Rate Study: Due to the fact that Wheatland Twp. has never had a table of Residential Equivalent Unit Factors for Computation of Connection Charges, the Wheatland Township Board hired Gosling Czubak to write up an Ordinance regulating the use of public and private sewers and drains, private sewage disposal, the installation and connection of building sewers, and the discharge of waters and wastes into public sewer system: and providing penalties for violation thereof, in the Township of Wheatland and the county of Mecosta, Michigan. This Ordinance provided the township with a table of Residential Equivalent Unit factors for computation of connection charges.

B. Ordinance Work Study: Our meeting started out with a meal from Subway and much discussion about how to go about finding the price we will be for 1 REU in Wheatland Township charging. With knowing that we don't know the total price that Leprino contributes to the sewer and looking at our sewer budget, \$75,000, as well as the maintenance cost over the past two years with the sewer 2019 \$44,000 2020 \$48,000, it was decided that Mary and Kim will figure out all of the REU's within the sewer district and divide this number by the budget of \$75,000. It was also discussed that we should add \$50,000 to the budget to help cover the maintenance charges that occur during the fiscal year. We will meet again Monday, August 23, 2021 at 6:00 for another Special Meeting to continue our discussion with this topic.

PUBLIC COMMENT: NA
