

# **WHEATLAND TOWNSHIP SPECIAL BOARD MEETING**

**May 7, 2025 7pm**

**Wheatland Twp. Board Mtg.: Tom VanSyckle X Lee Carte X  
Ethan McNeal X Kim Thiel X**

**Place: Wheatland Twp. Offices**

**Subject of Meeting: Agreements with Leprino's.**

- 1. Supervisor VanSyckle stated that Leprino's brought up an agreement that they and Wheatland Twp. are in from 1997-Present and Leprino's assuming the agreement to MMPA. And Wheatland is trying to make sure that this would be most beneficial for Wheatland Twp. As we know nothing of a Equipment Lease Contact. Tom has since located the contract in question and presented to the other members. It says that the contract started 1996 stating that Wheatland Twp. Pays \$13,      monthly and has done so until 2005 paying over a million dollars for the equipment at the Wastewater Plant. This contract was to be revisited every two years and no proof of that. And said parties could purchase the rest of the equipment outright for Fair Market Value. Leprino's is stating that they own the equipment to the Wastewater facility not Wheatland Twp.**

**Basically Wheatland Twp. Wants further clarification on  
Equipment Lease Agreement: going away or no payments it is  
assumed Wheatland Twp. Equipment.**

**Sludge removal fully responsible party of Leprino/MMPA.  
Better understanding of the breakdown of payments or percentages.  
Chemicals/responsibilities.**

**Supervisor VanSyckle will contact Wheatland Twp. Attorney Steve Lobert on these matters and get letter drawn up for Leprino's/MMPA.**

**Adjourned: 7:35 pm.**
